

Detailed Program Description for ACVD Website

1. Program name and location:

Animal Dermatology Clinic – Mt Pleasant (applying for 1 resident position)
804 Johnnie Dodds Blvd
Mt Pleasant, SC 29464

Satellite locations include Myrtle Beach, South Carolina and Savannah, Georgia

2. Is the program currently on ACVD Probation? No

If yes, please describe the reasons for probation, what is being done to correct them and when the program is scheduled to be off probation? N/A

3. Mentor(s): 3

- a. Name: Randall C Thomas, DVM, DACVD
 1. Years in ACVD: 23 (since 1999)
 2. Years as Mentor: 0 (new program)
- b. Name: Terri Bonenberger, DVM, DACVD
 1. Years in ACVD: 22 (since 2000)
 2. Years as Mentor: 0 (new program)
- c. Name: Lisa Akucewich, DVM, DACVD
 1. Years in ACVD: 18 (since 2004)
 2. Years as Mentor: 4 (mentor at University of Florida from 2002-2006)

4. Specific requirements for applying to the program:

Established by the ACVD, the resident will:

1. Be a graduate of an approved veterinary school of college
2. Have completed a one-year internship or satisfactory practice equivalency
3. Be approved to practice veterinary medicine in the states of South Carolina and Georgia
4. Be a member of a national veterinary medical association (i.e. AVMA)
5. Be of satisfactory moral and ethical character including but not restricted to being honest and truthful, not be habitually intoxicated or addicted to drugs, and not to have been convicted of cruelty to animals

OBJECTIVES:

1. To fulfill the requirements of a formalized residency program as set forth by the American College of Veterinary Dermatology
2. To provide in-depth clinical training in veterinary dermatology
3. To provide in-depth basic and applied science training in veterinary dermatology
4. To conduct original research in the field of veterinary dermatology
5. To meet the requirements of the ACVD credentials and education committees
6. To obtain ACVD board certification

5. Length of residency in years: 3
6. Is a Master's degree or PhD required? No
If so, which: N/A
7. When was the residency first offered? New Program (Applying for 2023)
Has it been continuous since then? N/A
8. How many residents have been accepted into the program since inception? New program
How many of these have become board certified dermatologists? N/A
9. What is the average annual dermatology caseload for the institution over the past 5 years? cases per year
Mt Pleasant: 2622
10. What is the average total caseload seen the entire residency? (average cases annually times the number of years of residency)
Mt Pleasant: 7866
11. On average, how many new patients, rechecks and consults does the program see per year? (give these in actual numbers of cases)
Mt Pleasant:
a. New cases: 700
b. Rechecks: 1922
c. Consults: We only keep track of consults from other services if the patient ultimately becomes an Animal Dermatology patient and our responsibility. The case is then applied to the categories above. Otherwise, consults are done on a continuous, as needed basis and not tracked.
12. On average, what percentage of the program's cases are dogs and cats?
Mt Pleasant: dogs 70% cats 30% equine 0%
13. On average, how many exotic, equine and farm animal cases does the program see per year?
Mt Pleasant: Exotic 0 Equine 0 Farm animals 0
14. What percentage of time is the mentor in clinics with the resident while the resident is seeing cases during the resident's first year: __, second: __ and third: __?
(This means that the mentor is either physically seeing patients with the resident or can be contacted by phone and available to see the case within one hour of being called.)
Mt Pleasant: first year: 100%, second: 75% and third: 75%

15. Does the program have access to other specialists?
If so, please list:
Mt Pleasant: The Mt Pleasant practice is a free-standing dermatology practice, and there are no other specialists on property. However, we have outstanding relationships with the three multi-specialty practices in the greater Charleston region, and the residents would have telephone access to surgeons, internists, neurologists, cardiologists, ophthalmologists, oncologists, and dentists if needed. If desired, they could extern with any of these specialists
16. Please describe your library access: Western University library; mentors and residents have access to the ACVD online library
17. Does the program have statistical support for their residents' research projects? Not in house, however we have access to a statistician at Western University College of Veterinary Medicine as well as a private statistician
18. Does the program have direct access to any basic science or clinical science laboratories that the resident can use for research proposes? No
If yes, please describe the types of laboratories available and interactions that the resident may have with them: N/A
19. How often do the residents and mentors have the following rounds?
(For each type of rounds, please list how often they are held, how long each session is, and a detailed description of how they are conducted.)
- Case rounds: Resident has a one-on-one review of selected cases on a weekly basis. Each case referral letter is reviewed by a mentor in year one of the residency. Case rounds are also presented once monthly at Resident Review for four hours with selected mentors for residents.
 - Journal Club: 4 hours per month of journal club review. This involves 1 ½ hours monthly of Journal Club at the Resident Training Day, 1 ½ hours per month at a phone journal club and 1 hour of self-directed reading and review of journal articles prepared by mentors.
 - Histopathology training: Resident will have 1 ½ hours twice monthly of required didactic training and review of histopathology slides and review of basic histopathology anatomy conducted by board certified veterinary pathologist. In addition, there is 1 hour of slide review per month directed by the pathologist with assigned questions and assessment.
 - Basic science learning rounds: During the entire residency there are scientific presentations by residents and Diplomates as well as other reviews involving basic sciences 6 hours per month at the offsite Resident Training Day.

20. Resident's benefits: (Please give a general list of benefits and then whom a potential candidate should contact to get more specific information on salary and benefit packages): Two weeks of personal leave per year (vacation); professional dues for AVMA, AAVD, SCAV and TVMA (local association), South Carolina and Georgia licensure; contribution to health insurance; and option to participate in 401K plan (see hospital supervisor for details)
21. Does the program allow the resident to attend the NAVDF (North American Veterinary Dermatology Forum) meeting annually? Yes
22. Does the program pay for the resident to attend the NAVDF meeting annually? Yes
23. Average number of days a resident will spend on clinics per month: 16
24. Average number of days a resident will spend on non-clinical pursuits per month (not including Sundays or holidays): 3.83 days per month in the first two years, then 5.83 days per month in the third year of the program.
25. Does the resident have to take general medicine emergency duty? No
If so how often: N/A
26. Does the resident take Dermatology emergency duty? No
If so how often: N/A
27. Is time allotted for externships in other subspecialties or at other dermatology practices? Yes
If so explain: Residents are encouraged to participate in a 2-week externship in the third year of their program
28. How much time is allotted off clinics for board preparation? The residency ends July 15th and the exam has been moved to November, which allows the resident 3.5 to 4 months to study after the completion of their program. Study time will be allotted if the resident decides to become an associate of Animal Dermatology Clinic.
29. How much time is allotted to carry out a research project (grant writing, data collection, paper preparation) during the residency (please report in number of weeks)? 12 weeks
30. What are the other responsibilities/duties of the resident? Residents must present assigned topics to the mentors and other residents every one to three months during their residency. These presentations must be complete with PowerPoint presentation and notes. Residents are provided with a critique following each presentation.
31. How many residents has the program had over the past 10 years? New program

32. How many/what percentage of the above residents (question 31) passed credentials on the:
- a. First submission: [N/A](#)
 - b. Second submission: [N/A](#)
 - c. Third submission or more: [N/A](#)
 - d. Never passed credentials: [N/A](#)
33. How many/what percentage of the above residents (question 31) sat boards for the first time:
- a. The year they finished their residency: [N/A](#)
 - b. One year after finishing their residency: [N/A](#)
 - c. Two or more years after finishing: [N/A](#)
 - d. They never took boards: [N/A](#)
34. How many / what percentage of the above residents (question 31) passed the board exam on their:
- a. First time taking the exam: [N/A](#)
 - b. Second time taking the exam: [N/A](#)
 - c. Third time or more taking the exam: [N/A](#)
 - d. Never passed: [N/A](#)
35. Is your residency program reviewed by an outside committee at your practice? [Yes](#)
If yes how often? [Yearly](#)
36. Please list the papers published by your last 5 residents: [New program](#)
37. Names of your last 5 residents and whether they are willing to be contacted by potential residents: [New program](#)
