6. Is a Master’s degree or PhD required? If so, which? No

7. When the residency was first offered? N/A
   a. Has it been continuous since then?
   b. If not continual what years was the residency offered?

8. How many residents have been accepted into the program since inception? N/A
   a. How many of these have become board certified dermatologists?

9. What is the average annual dermatology caseload for the institution over the past 5 years? 7200 cases per year
10. What is the average total caseload seen the entire residency? 900

11. On average, how many new patients, rechecks and consults does the program see per year? (actual numbers of cases)
   a. New cases 1700
   b. Rechecks 5500
   c. Consults (we take a number of phone consults to primary vets per week)

12. On average, what percentage of the program’s cases are dogs and cats?
   a. Dogs 85
   b. Cats 15

13. On average, how many exotic, equine and farm animal cases does the program see per year?
   a. Exotics Occasional zoo consults; externship time provided.
   b. Equine externship time is provided; particularly dermatology in Santa Barbara.
   c. Farm animals externship time is provided

14. What percentage of time is the mentor in clinics with the resident while the resident is seeing cases during the resident’s

   first year: 100%
   second year: 90-100%
   third year: 90-100%
   (This means that the mentor is either physically seeing patients with the resident or can be contacted by phone and available to see the case within one hour of being called.)

15. Does the program have access to other specialists? If so, please list:
   a. Cases are shared with multi specialty practices nearby. The resident will be encouraged to keep the specialists informed on mutual cases. Cases are frequently shared with internal medicine, surgery, neurology, ophthalmology, and emergency.

16. Please describe your library access:
   a. ACVD online library, personal library between the 3 mentors

17. Does the program have statistical support for their residents’ research projects?
   a. We will consult with a statistician and the primary mentor has training in medical statistics.
18. Does the program have direct access to any basic science or clinical science laboratories that the resident can use for research proposes? If yes, please describe the types of laboratories available and interactions that the resident may have with them.
   a. There is no direct access on site. The primary mentor has permission to work with University of Florida and share lab space in the comparative dermatology laboratory that is fully equipped for basic science research.

19. How often do the residents and mentors have the following rounds? *(For each type of rounds, please list how often they are held, how long each session is, and a detailed description of how they are conducted.)*
   a. Case rounds: Cases will be rounded during the time of consultation, the resident will start with 1 hour (rechecks) 1.5 hour new consults cases the first year then 1 hours cases in year 2, then 0.5 hour rechecks and 1 hour new consults year 3. The resident will summarize history, clinical findings, differentials, diagnostic plan, and treatment plan. Reading assignments will be recommended per conversations to widen knowledge base.
   b. Journal club: 4 hours per month, multiple articles will be evaluated followed by discussion and application of knowledge
   c. Histopathology training: 4 hours per month, veterinary textbook, digital slides, normal and abnormal histopathology, application of special stains and IHC
   d. Basic science learning rounds: 1 hour per week (4 hours per month), book club chapter review

20. Resident’s benefits: *(Please give a general list of benefits and then whom a potential candidate should contact to get more specific information on salary and benefit packages)*
   a. Salaried position.
   b. Vacation: 2 weeks per year.
   c. Health insurance:
      Employee health insurance package.
      Coverage of provincial health care premiums.
   d. Additional benefits:
      Paid fees for local veterinary associations.
      401 k
      Travel/continuing education stipend.
   e. Contact Person: Dr. Austin Richman
